Dear Richard,

We are honored to be named the Sports Lawyers Association Philanthropy Award winner. Your gift opens up a world of new possibilities for children in Baltimore city's underserved neighborhoods, and we can't thank you enough for your support.

Perhaps the best way to express our gratitude is through the voice of Reon. He's a shy 12-year-old being raised by a single mother. Thanks to his experience with Coaching Corps, he's coming out of his shell:

"Playing sports can help you more in life," Reon reflects. "I think it helps me be aware of my surroundings and be a little more confident. It's important because if you don't have that in life, it would be harder to get through life."

Reon is just one of thousands who has received the life-changing gift of a trained sports coach from you. Thank you for your investment in making sure our coaches are "game changers" for many more like him in Baltimore city.
