

Sports Lawyers Association

NextGen Committee

Vision and Mission Statement

Purpose:

The purpose of the Committee is for innovative law students and new lawyers eager to become more involved with SLA by helping, engaging, and providing a voice for and growing the careers of SLA's newest members through various working groups.

NextGen Committee:

The Committee comprises four (4) working groups: NextGen Influencers, Law School Liaisons, Mentorship Monday Program, and Blog Writers.

NextGen Influencers. NextGen Influencers will be responsible for posting creative content and videos to the SLA page at the direction of the SLA Executive Director.

Law School Liaisons. Law School Liaisons will create meaningful and impactful relationships with sports and entertainment law societies at all levels of law schools and assist in outreach with the SLA, bridging the gap between SLA and law students.

Mentorship. The Mentorship working group will help develop mentorship programs at least quarterly and assist with their execution. Topics include, but are not limited to, resume writing, cover letter development, interview techniques, and professional networking skills.

Blog Writers. This working group will write at least one (1) blog post per month and review it with NextGen peers before posting. Each blog writer also participates in a podcast with SLA Member panelists of their choice, discussing the topic of the blog article hosted by a fellow NextGen Committee Member.
